

# WILD REPUBLIC

This sketch and the painting that you see on the cover of this catalog were imagined and created by our Director of Product Development and Brand Strategy, Alex Radojevic. Alex and the rest of our design team across the globe are one of the cornerstones of our brand. Without these artists and their vision, we would not be the market leaders in product creativity and design.

Dear Fellow Ambassadors,

As 2020 ended and we welcomed 2021 we found ourselves faced with an entirely new set of challenges. I learned from my grandfather, our founder, that from every challenge comes a solution. Some of these solutions have everlasting positive effects.

An example of this took place in 1996 when my grandfather heard about a dilemma taking place at the ancient Sastha Temple in India. Have you ever wondered why our logo is a monkey? Read the moving story on the following page to find out and to learn what continues to motivate us today to live our mission and **serve the monkey!**

In the midst of all the market challenges in 2021, we stood steadfast in this mission by donating to many inspiring projects. In loving memory of Anne M. Foley, my mother-in-law, we created Republic Rescue, a program that donated proceeds of our adorable Pocketkins plush animals to several worthy animal rescue programs.

In coordination with Pride month, we worked with various organizations around the globe to promote anti-bullying particularly towards LGBTQ+ youth by donating portions of the proceeds of our fun **Rainbowkins** line of products. We also partnered with Ocean Sole in a like manner, an organization dedicated to cleaning beaches in Africa and beyond. These are only a few of our mission driven initiatives.

These challenges also had us look outside to seek the advice from experts. Our team read excellent coaching books like Infinite Game by Simon Sinek, Gino Wickman's Traction, as well as Heather Monahan's Confidence Creator. We also had the great pleasure of welcoming Heather to our International Conference.

During the explosion in demand for product and consistent market challenges, our Product Development team pushed on and created one of the most innovative plush lines to enter the plush market. **Message from the Planet** is not only on mission, but also right on trend with pop art graphics and is sure to fly off your shelves. Message from the Planet plush is also the FIRST line of plush to use a recycled plastic eye, solidifying our position as a leader in sustainability! Get ready for yet another market disrupter from Wild Republic!

The Message from the Planet line is not only helping us **Keep an Eye on the Planet**, it is also a representation of one of the many things that makes Wild Republic different – **IT ALL STARTS WITH AN ARTIST**.

We are inspired by the world around us, from the Sastha Temple monkeys to design trends, and this inspiration informs everything we do from humanitarian efforts to product development. Throughout this catalog you will see a peek behind the curtain, a glimpse at our products going from concept sketches to creation. We are proud of this as a brand and value our unique, in-house talent and India design team that make these ideas reality.

We sincerely **THANK YOU** for continuing to support our company and family of products. By doing so you join us as we fulfill our promise to **Be the Change!**

Sincerely in service of our animals, planet, and people,

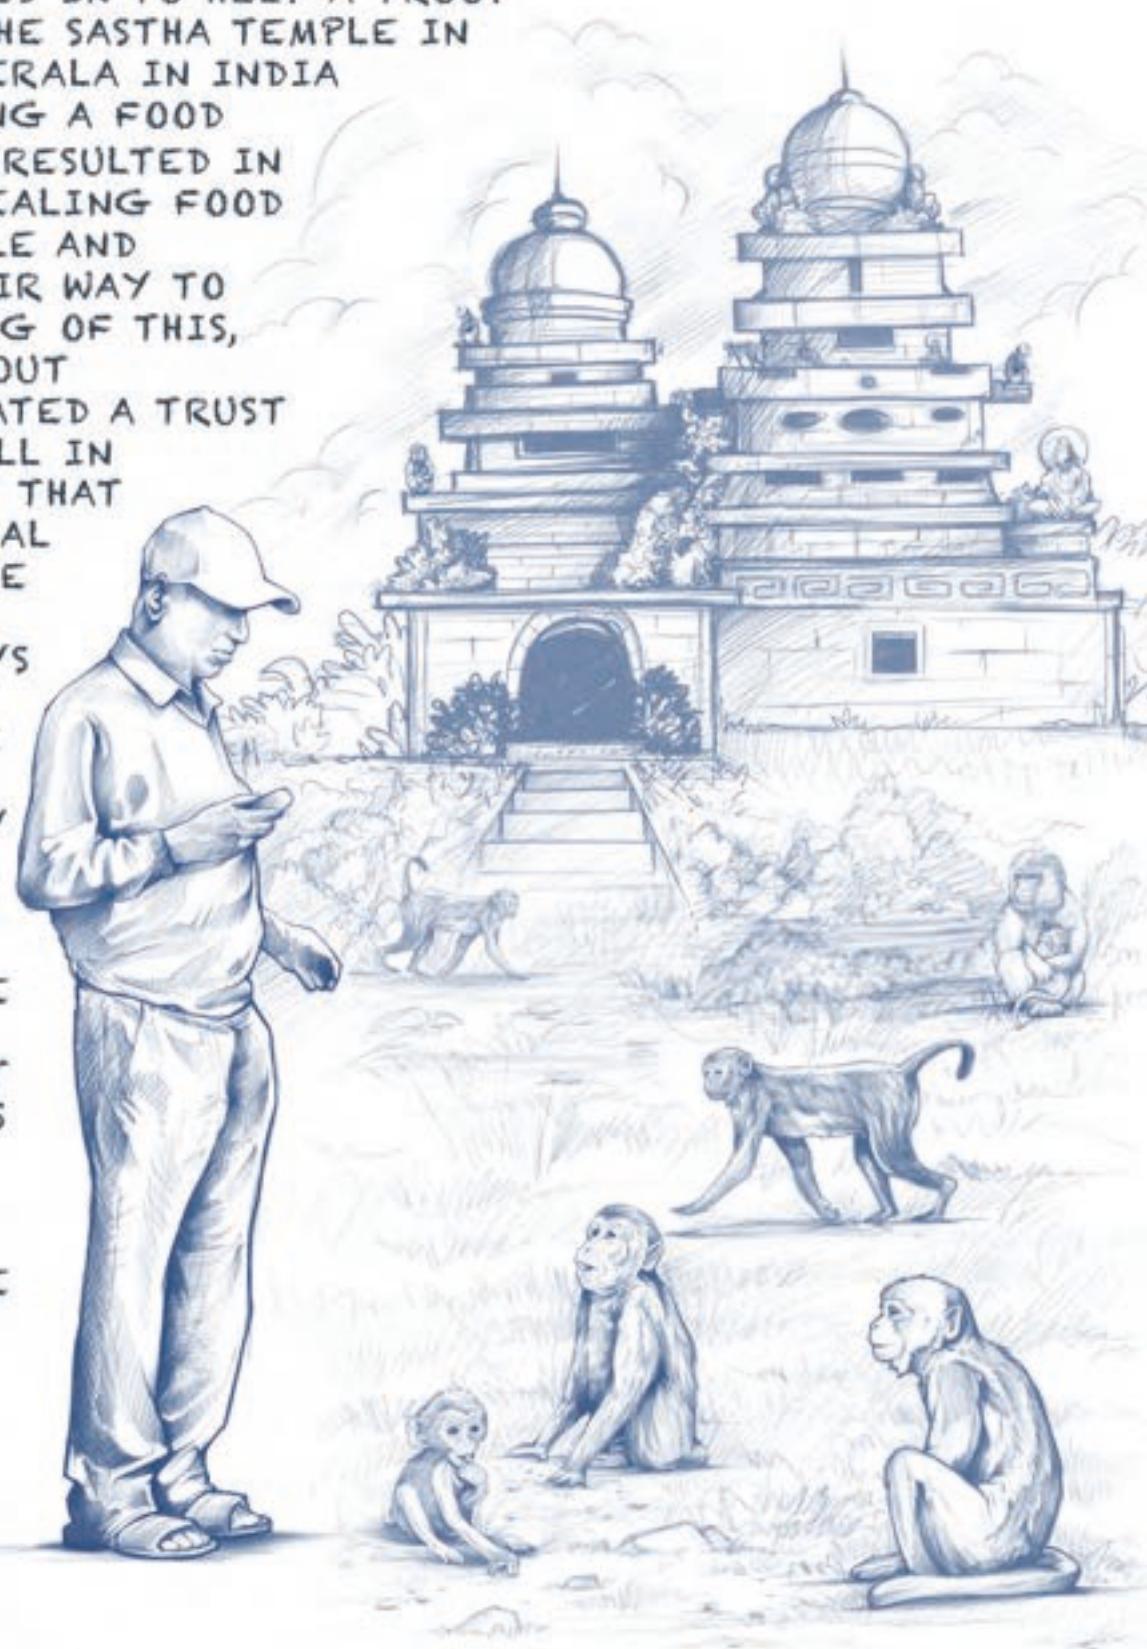

V. Chandra  
Vish

# WHY A MONKEY?

IN 1996, MR. PILLAI, FOUNDER OF WILD REPUBLIC, STEPPED IN TO HELP A TROOP OF MONKEYS AT THE SASTHA TEMPLE IN SASTHAMKOTTA, KERALA IN INDIA THAT WERE FACING A FOOD SHORTAGE WHICH RESULTED IN THE MONKEY'S STEALING FOOD FROM TOWNSPEOPLE AND CHILDREN ON THEIR WAY TO SCHOOL. LEARNING OF THIS, MR. PILLAI, WITHOUT HESITATION, CREATED A TRUST FUND THAT IS STILL IN EXISTENCE TODAY THAT ENSURES PERPETUAL FEEDING OF THOSE MONKEYS. THAT TROOP OF MONKEYS INSPIRED OUR CREATION OF THE ORIGINAL HANGING MONKEY LINE DEVELOPED IN 1998 WHICH EXPLODED IN POPULARITY. THE SUCCESS OF THAT LINE AND WHAT IT STOOD FOR LED US TO USE THE MONKEY AS OUR BRAND LOGO. ANTUKO, THE NAME OF THE MONKEY IN OUR LOGO, STANDS FOR OUR ONGOING COMMITMENT OF SERVING WILDLIFE, SERVING PEOPLE, AND DOING THE RIGHT THING FOR OUR PLANET.

New!

Wild Republic is teaming up with local Ohio children's author and illustrator Maureen Chandran who has taken reading storybooks to her children a step further by creating inspirational stories based on her children and their pets.

As a parent, and educator, Maureen saw how impactful spending quality time reading with her children was and how powerful stories are as a teaching tool which led her to creating these books.

## A message from Vishnu on teaming up with Maureen and her books:

My grandfather and I created the mission to educate everyone we interact with on a daily basis of our Promise to the Planet and the People and we encourage all to do the same. Maureen's books are perfect messages that mirror the messages of Wild Republic. We are offering Maureen's books bundled with realistic plush pieces to enhance her beautifully written and illustrated stories and bring them to life for the storyteller and the children who hear them.
